

Subject: Respect the animal!

Date: Wednesday, June 6, 2007 2:37 PM

From: Amanda Robinson

To Whom it may Concern,

Research is a great thing, but to hurt or abuse animals in the process is not an acceptable action to take. Besides extremely bad Karma on your part, it sets a really bad example for others. This is very basic, treat others as you'd have others treat you!

Thanks!

Amanda Robinson
